ABOUT YESHIVAS ADERES HATORAH

Harav Chaim Zvi Senter founded Yeshivas Aderes Hatorah with the belief that every student is entitled to receive the attention, support and skills to become a well rounded Ben Torah.

Because the continued growth of our students after leaving the yeshiva is extremely important to us, the Rosh Yeshiva places an emphasis on maintaining a close connection. He, as well as many Rebbeim, are in constant contact with the alumni who have graduated the yeshiva. Rabbi Senter always makes himself available for group and personal meetings when he is abroad. His ongoing connection assures that in a very real sense, the learning experience at Yeshivas Aderes Hatorah is never over.
